Big Sky offers instant access to some of the most diverse skiing amongst breathtaking vistas in the lower 48. Float down a 2,000 vertical foot, powder filled bowl beneath Lone Peak. Bob and weave through the Bavarian Forest. Ride the Lone Peak Tram for a bird's eye view of untamed wilderness. Big Sky, Montana stands for— vast empty spaces, fresh mountain air, untracked powder, mile-long runs, and no lift lines. Big Sky's signature peak rises to a lofty 11,166 feet. Also check out the new 1,500 acres of ski terrain opened by Moonlight Basin that is equipped with a high-speed "Six Pack" chair lift. You'll love what this mountain has to offer. <http://www.bigskyresort.com/> <http://www.moonlightbasin.com/site/index.html>
