412-264-9973  
-- call for meeting place for lunch

Join your PSC friends and guest for an afternoon of holiday happenings and lunch. We meet for lunch then head over to PPG to see the splendor of the holidays come alive at PPG Place "Spirits of Giving From Around the World" exhibit. This enchanting display of life-size Santa's and original paintings captures a whole world of Christmas folklore and fantasy. The exhibit comes alive with a collection of original paintings, each depicting holiday celebrations around the world. You will capture memories of Christmases past in the Wintergarden where a tree larger than any from your childhood awaits you. The spectacular 32-foot tree is surrounded by a showcase of gingerbread houses and a unique train display created by local artist Don Jones.
