Spring has sprung ~ and hopefully, your taxes are done! So now come on out & enjoy a pleasant Sunday afternoon at the movies at The Rangos Omnimax Theater, a four-story, state-of-the-art IMAX® dome theater. The theater is one of only 50 theaters of its kind in North America. It's the biggest screen, and the only dome screen, in the Pittsburgh region

Witness an awe-inspiring tale of extraordinary insect endurance and human perseverance! ***Flight of the Butterflies*** is an interconnected scientific adventure that spans not only thousands of miles, but generations. The story is about the remarkable monarch butterfly migration, the most incredible migration on Earth! You'll learn about a determined scientist who spent 40 years trying to discover exactly where the butterflies mysteriously disappeared when they flew south for winter.

**PLEASE NOTE:** Pricing is for a group of fifteen (15), so we need to have that many participate or cancellation of the event will be necessary. **CHILDREN ARE WELCOME** to participate in this event as well (same pricing).
