With expanded terrain and a state-of-the-art base village, this low-key resort has stepped up. Challenge yourself in the terrain atop Parsenn Bowl and Vasquez Cirque. Five big mountains provide extensive variety for all levels and Mary Jane is a mogul skier's nirvana. This is an ideal place to learn to ski and family activities are a prime focus. A relaxed, casual atmosphere is matched with affordability and value.

Winter Park Resort offers a total of 3,080 skiable acres. Winter Park's yearly average snowfall of 370-inches makes Winter Park a favorite resort for skiers and snowboarders of every level. The main mountain - designed for intermediates and beginners - is interconnected with its sister mountain, Mary Jane, home to some of the most challenging bump runs anywhere. Non-skiers enjoy snowshoeing, snowcat and snowmobile tours, and mountaintop dining in the magnificent Lodge at Sunsport. Winter Park is the closest major resort to the Denver International Airport, an easy 90 miles away - another reason it has become one of the nation's favorite ski destinations.
